

LWAE-500 Series

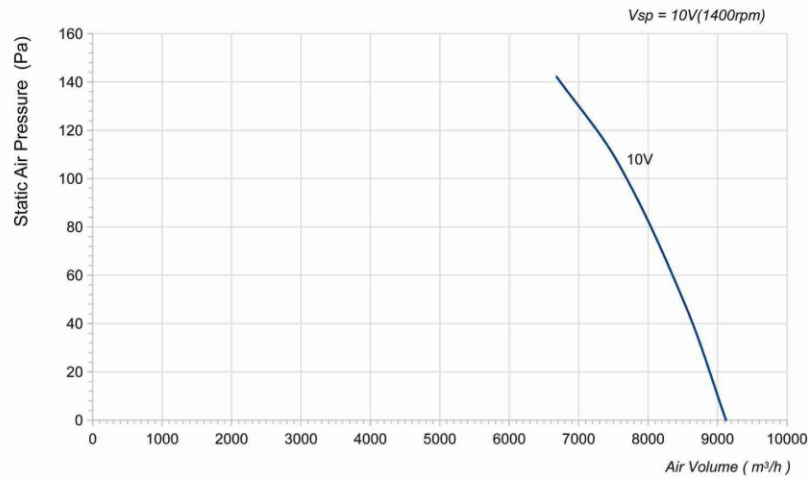

Product Characteristic

- Material: PA66
- Type of protection: IP54
- Insulation class: F
- Motor type: BLEC Motor
- Operation Temperature: -25 C ~ +60 C
- Techniacal Feature: Control input 0-10VDC/PWM/RS485, Tech output, Locked-Rotor protection, Reverse Polarity, Over-voltage protection, Soft Start Protection.

Technical Specifications

| Model | Voltage (V) | Frequency (Hz) | Current (A) | Power [W(@0Pa)] | Speed (RPM) | Air Volume (m³/h) | Noise [dB(A)] |
|---------------------|-------------|----------------|-------------|-----------------|-------------|-------------------|---------------|
| LWAE3G500SS-5PKW-12 | 230 | 50/60 | 2.25 | 586 | 1400 | 9122 | 70 |

LWAE3G500SS-5PKW-12
